

REGARDING: The Proposed Alhambra Corridor Walgreens Project

To: Officials of Walgreens and the City of Sacramento

We, the undersigned citizens, voters, and taxpayers of Sacramento, CA **oppose** the destruction of an intact commercial block at Alhambra Boulevard and L Street to build a 24 hour Walgreen's pharmacy.

We are satisfied that the neighborhood is adequately served by two large 24 hour pharmacies within a two block radius and many, many smaller drugstores within a two mile radius.

We argue that the rich architectural heritage, appealing pedestrian scale, and existing small businesses of the Alhambra Corridor will be irreparably damaged by the imposition of an out-of-scale, big box retail store.

We also argue that this project does not comply with the intent and guidelines of the Alhambra Corridor Special Planning District (SPD).

We demand that our elected and appointed officials block this assault on one of Sacramento's most historic neighborhoods and that Walgreens instead select a location that is in need of a 24 hour pharmacy.

We the Undersigned,
